Section 3. Waiver of Use. No Owner may be exempt from personal liability for assessments duly levied by the Association, nor release a Lot or Commercial Unit owned from the liens and charges hereof, by waiver of the use and enjoyment of the Common Open Areas thereon or by abandonment of Owner's Lot or Commercial Unit.

ARTICLE IV MEMBERSHIP AND VOTING RIGHTS

Section 1. Membership. Each person or entity who is a record Owner of any of the Property which is subject to assessment by the Association shall be a Member of the Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation. No Owner shall have more than one membership. Membership shall be appurtenant to and may not be separated from ownership of the land which is subject to assessment by the Association.

Section 2. Voting Classes. The Association shall initially have two classes of voting membership:

Class A. Class A members shall be all Owners with the exception of the Declarant (except as hereinafter provided) and shall be entitled to one vote for each Lot or Commercial Unit owned. When more than one person holds an interest in any Lot or Commercial Unit, all such persons shall be members. The vote of such Lot or Commercial Unit shall be exercised as the persons among themselves determine, but in no event shall more than one vote be cast with respect to each Lot or Commercial Unit owned.

Class B. The Class B member shall be the Declarant and shall be entitled to three (3) votes for each Lot or Commercial Unit owned. Class B membership shall cease and be converted to Class A membership on the earlier of the following dates:

ARTICLE V COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot or Commercial Unit owned within the Property, hereby covenants, and Owner of any Lot or Commercial Unit by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association:

- (a) annual assessments or charges; and
- (b) additional assessments as herein provided; and
- (c) special assessments which are to be established and collected as hereinafter provided.

The annual, additional, and special assessments, together with interest, late fees, penalties, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing and contractual lien upon the Lot or Commercial Unit against which each such assessment is made. Each such assessment, together with interest, late fees, penalty, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Lot or Commercial Unit at the time when the assessment became due. The personal obligation for delinquent assessments shall not pass to the Owner's successors in title unless expressly assumed by them.

Section 2. Purposes of Assessment. The assessments levied by the Association shall be used exclusively for the purposes of promoting the health, safety and welfare of the Members of the Association and for the improvement and maintenance of the Common Open Areas including the improvements and landscaping thereon.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot or Commercial Unit to an Owner, the maximum annual assessment shall be \$475.00 per Lot or Commercial Unit.

- (a) From and after January 1 of the year immediately following the conveyance of the first Lot or Commercial Unit to an Owner, the maximum annual assessment may be increased each year above the

maximum assessment for the previous year without a vote of the membership by the percentage change by which the Consumer Price Index for the immediately preceding calendar year exceeds such Index for the calendar year prior thereto or by fifteen percent (15%), whichever is greater. As used herein, the "Consumer Price Index" shall mean the year-end Consumer Price Index for All-Urban consumers, published by the U.S. Department of Labor (or a generally accepted replacement should such Index no longer be published).

(b) From and after January 1 of the year immediately following the conveyance of the first Lot or Commercial Unit to an Owner the maximum annual assessment may be increased above the rates specified in this Section 3, Paragraph (a) by a vote of two-thirds (2/3) of each class of Members entitled to vote in person or by proxy, at a meeting duly called for this purpose at which a quorum is present.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying in whole or in part, the cost for necessary purposes of the Association, such as the construction, reconstruction, repair or replacement of a capital improvement in the Common Open Areas, including fixtures and personal property related thereto, or for counsel fees or the fees of other retained experts provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of Members entitled to vote in person or by proxy, at a meeting duly called for this purpose at which a quorum is present.

Section 5. Rate of Assessment. All Lots and Commercial Units within the property shall commence to bear their applicable assessments simultaneously, and improved Lots and Commercial Units owned by the Declarant are not exempt from assessment. Lots or Commercial Units which are owned by or transferred to a Builder or which are occupied by residents and improved Lots or Commercial Units owned by Declarant shall each be subject to an annual assessment as determined by the Board of Directors pursuant to the terms of this Declaration. Unimproved Lots or Commercial Units which are owned by Declarant shall be assessed at the rate of one-fourth (1/4) of the annual assessment; however, said assessment shall be made only in the event and then only to the extent that assessments from Lots or Commercial Units owned by other than Declarant are not sufficient to meet the operating budget of the Association. As used herein, the term "improved Lot" or "improved Commercial Unit" shall mean a Lot or Commercial Unit on which a residential dwelling or commercial structure has been constructed and is ready for occupancy as evidenced by the issuance of a Certificate of Occupancy by the City of Pearland, Texas. A Lot or Commercial Unit assessment shall be assessed against a builder, instead of Declarant when a Lot or Commercial Unit is made available for improvement by said Builder and there is written confirmation, reservation, or conveyance of said Lot or Commercial Unit by Declarant in favor of Builder. As used in this Section 5, the term "Declarant" shall be construed to mean only Savannah Development, Ltd., and its successors and assigns, acting in their capacity as land developers; and a Lot or Commercial Unit owned, reserved, or held by a home building division or any commercial construction division of Declarant shall be subject to full assessment as provided herein.

Section 6. Date of Commencement of Annual Assessments. The annual assessments provided for herein shall commence as to all Lots or Commercial Units on the first day of the month following the conveyance of a Lot or Commercial Unit to an Owner or a transfer of any Lot or Commercial Unit owned by Declarant to a Builder. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot or Commercial Unit at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to each Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer or authorized agent of the Association setting forth whether or not the assessments on a specified Lot or Commercial Unit have been paid.

Section 7. Effect of Nonpayment of Assessments: Remedies of the Association. The annual maintenance charge assessed against each Lot shall be due and payable, in advance, on the date of the sale of such Lot by Declarant for that portion of the calendar year remaining, and on the first (1st) day of each January thereafter. Any annual maintenance charge which is not paid and received by the Association by the thirty-first (31st) day of each January thereafter shall be deemed to be delinquent, and, without notice, shall bear interest at the rate of ten percent (10%) per annum from the date originally due until paid. Further, the Board of Directors of the Association shall have the authority to impose a monthly late charge on any delinquent annual maintenance charge. The monthly late charge, if imposed, shall be in addition to interest. To secure the payment of the annual maintenance charge, additional assessments, special assessments levied hereunder and any other sums due hereunder (including, without limitation, interest, late fees, attorney's fees or delinquency charges), there is hereby created and fixed a separate and valid and subsisting lien upon and against each Lot and all Improvements thereto for the benefit of the Association, and superior title to each Lot is hereby reserved in and to the Association. The lien described in this Section and the superior title herein reserved shall be deemed subordinate to any mortgage for the purchase or improvement of any Lot and any renewal, extension, rearrangements or refinancing thereof. The collection of such annual maintenance charge and other sums due hereunder may, in addition to any other applicable method at law or in equity, be enforced by suit for a money judgment and in the event of such suit, the expense incurred in collecting such delinquent amounts, including interests, costs and attorney's fees shall be chargeable to and be a personal obligation of the defaulting Owner. Further, the voting rights of any owner in default in the payment of the annual maintenance charge, or other charge owing hereunder for which an Owner is liable, and/or any services provided by the Association, may be suspended by action of the Board for the period during which such default exists. Notice of the lien referred to in the preceding paragraph may, but shall not be required to, be given by the recordation in the office of the County Clerk of Brazoria County, Texas of an affidavit, duly executed, and acknowledged by an officer or authorized agent of the Association, setting forth the amount owned, the name of the Owner or Owners of the affected Lot, according to the books and records of the Association, and the legal description of such Lot. Each Owner, by acceptance of a deed to his Lot, hereby expressly recognizes the existence of such lien as being prior to his ownership of such Lot and hereby vests in the Association the right and power to bring all actions against such Owner or Owners personally for the collection of such unpaid annual maintenance charge and other sums due hereunder as a debt, and to enforce the aforesaid lien by all methods available for the enforcement of such liens, including both judicial and non-judicial foreclosure pursuant to Chapters 51 and 209 of the Texas Property Code (as same may be amended or revised from time to time hereafter) and in addition to and in connection therewith, by acceptance of the deed to his Lot, each Owner expressly grants, bargains, sells and conveys to the President of the Association from time to time serving, as trustee (and to any substitute or successor trustee as hereinafter provided for) such Owner's Lot, and all rights appurtenant thereto, in trust, for the purpose of securing the aforesaid annual maintenance charge, and other sums due hereunder remaining unpaid hereunder by such Owner from time to time and grants to such trustee a power of sale. The trustee herein designated may be changed any time and from time to time by execution of an instrument in writing signed by the President or Vice President of the Association and filed in the office of the County Clerk of Brazoria County, Texas. In the event of the election by the Board to foreclose the lien herein provided for nonpayment of sums secured by such lien, then it shall be the duty of the trustee, or his successor, as hereinabove provided, to enforce the lien and to sell such Lot, and all rights appurtenant thereto, in accordance with the provisions of Chapters 51 and 209 of the Texas Property Code as same may hereafter be amended. At any foreclosure, judicial or non-judicial, the Association shall be entitled to bid up to the amount of the sum secured by its lien, together with costs and attorney's fees, and to apply as a cash credit against its bid all sums due to the Association covered by the lien foreclosed. From and after any such foreclosure the occupants of such Lot shall be required to pay a reasonable rent for the use of such Lot and such occupancy shall constitute a tenancy-at-sufferance, and the purchaser at such foreclosure sale shall be entitled to the appointment of a receiver to collect such rents and, further, shall be entitled to sue for recovery of possession of such Lot by forcible detainer without further notice.

Section 8. Subordination of the Lien to Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot or Commercial

Unit shall not affect the assessment lien. However, the sale or transfer of any Lot or Commercial Unit pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot or Commercial Unit from liability of any assessments which thereafter become due or from the lien thereof.

Section 9. Exempt Properties. Any portion of the Property dedicated to and accepted by a local public authority, shall be exempt from the assessments created herein. Local public authorities include Brazoria County, the City of Pearland, Brazoria County Municipal Utility District No. 21, Alvin Independent School District, and like public authorities. Non-profit organizations such as churches and private schools are not exempt from said assessments. Further, no land or improvements devoted to residential dwelling or commercial use shall be exempt from said assessments.

ARTICLE VI ARCHITECTURAL CONTROL

Section 1. Architectural Approval. The overall plan for the development of the various areas and sections which make up Savannah contemplates centralization of architectural control to enhance, insure and protect the attractiveness, beauty and desirability of the area as a whole while at the same time permitting compatible distinctiveness of individual developments within the area. For this purpose, Declarant hereby reserves and retains the right of architectural control to itself or its assignee as hereinafter provided. Declarant shall initially appoint an Architectural Review Committee, consisting of not less than three (3) members, who need not be members of the Association, and who by majority vote may designate a representative to act for them. Any vacancy shall be filled by a successor appointed by Declarant; until such successor(s) shall have been so appointed, the remaining member or members shall have full authority to approve or disapprove plans, specifications, and plot plans submitted to or designate a representative with like authority. Declarant retains the exclusive right to review and approve or disapprove all plans and specifications for original construction of the Property.

It is accordingly covenanted and agreed that no building, fence, wall, or other structure shall be commenced, erected, or maintained upon the Property, nor shall any exterior addition to or change or alternation to such structure or the color thereof (including, without limitation, site landscaping visible from any part of the Property and grading plans, patio covers and trellises, plans for off-street parking of vehicles and utility layout), be made until the plans and specifications showing the nature, kind, shape, height, materials, color, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Review Committee. In the event said Committee, or its designated representative, fails to approve or disapprove such design and location within sixty (60) days after said plans and specifications have been received by it, approval will not be required, and this Article will be deemed to have been fully complied with. All plans and specifications shall be submitted in writing over the signature of the Owner of the Lot or Commercial Unit or the Owner's authorized agent. The Architectural Review Committee shall have the right to require any Owner to remove or alter any structure which has not received approval or is built other than in accordance with the approved plans. The requirement of this Article is in addition to any approvals or permits required by any appropriate governmental entity.

Declarant hereby reserves and retains the right at its option to assign in whole or in part, its rights hereinabove set forth to an Architectural Review Committee appointed by the Association. In the event Declarant elects to assign such rights of approval, such assignment shall be evidenced by an instrument in writing and acknowledged by the proper officers of Declarant and placed of record in the appropriate records of the County Clerk of Brazoria County, Texas.

Section 2. No Liability. Neither Declarant, the Association, its Board of Directors, nor the Architectural Review Committee or the members thereof shall be liable in damages to anyone submitting plans or specifications to them for approval, or to any Owner of a Lot or Commercial Unit affected by

these restrictions by reason of mistake in judgment, negligence, or disapproval or failure to approve or disapprove any such plans or specifications. Every person who submits plans or specifications to the Architectural Review Committee for approval agrees, that no action or suit for damage will be brought against Declarant, the Association, its Board of Directors, the Architectural Review Committee, or any of the members thereof.

The standards and procedures established by this Article are intended as a mechanism for maintaining and enhancing the overall aesthetics of the Property; they do not create any duty to any Person. Review and approval of any application pursuant to this Article may be made on the basis of aesthetic considerations only, and the Reviewer shall not bear any responsibility for ensuring the structural integrity or soundness of approved construction or modifications, nor for the material used, nor for ensuring compliance with building codes and other governmental requirements, nor for ensuring that all dwellings are of comparable quality, value or size, of similar design, or aesthetically pleasing or otherwise acceptable to neighboring property owners, nor for ensuring that the improvements are fit for their intended purpose.

Declarant, the Association, the Board, any committee, or member of any of the foregoing shall not be held liable for soil conditions, drainage or other general site work; any defects in plans revised or approved hereunder; any loss or damage arising out of the action, inaction, integrity, financial condition or quality of work of any contractor or its subcontractors, employees or agents, whether or not Declarant has approved or featured such contractor as a builder; or any injury, damages, or loss arising out of the manner or quality or other circumstances of approved construction on or modifications to any Lot. In all matters, the Board, the ARC, and the members of each shall be defended and indemnified by the Association as provided in the By-Laws.

Section 3. Notice of Noncompliance. Notwithstanding anything to the contrary contained herein, after the expiration of one (1) year from the date of issuance of a building permit by municipal or other governmental authority for any improvement, and completion of construction of the improvement in accordance with the building permit, said improvement shall, in favor of purchasers and encumbrances in good faith and for value, be deemed to be in compliance with all provisions of this Article VI unless actual notice of such noncompliance or noncompletion, executed by the Architectural Review Committee, or its designated representative, shall appear of record in the office of the County Clerk and Recorder of Brazoria County, Texas, or unless legal proceedings shall have been instituted to enforce compliance or completion.

Section 4. Rules and Regulations. The Architectural Review Committee may from time to time recommend to the Board, and the Board may, in its sole discretion, adopt, promulgate, amend and repeal rules and regulations interpreting and implementing the provisions of this Article VI, including adoption of detailed architectural guidelines and the imposition of a fee or charge for review of proposed improvements or modifications.

Section 5. Variances. The Architectural Review Committee may recommend to the Board, and the Board may, by the vote or written consent of a majority of the members thereof, allow reasonable variances as to the covenants, conditions or restrictions contained in Article IX, Sections 15, 16, 17, 21, 22 and 24 of this Declaration, on such terms and conditions as it shall require; provided, however, that all such variances shall be in keeping with the general plan for the improvement and development of the Property. Variances contained in plans that are inadvertently approved by the Architectural Control Committee as part of the proposed improvements shall not be considered as having been approved unless specifically approved by the Board in accordance with the provisions of this Section.

No activity which may be or become an annoyance or nuisance to the neighborhood or which shall in any way unreasonably interfere with the quiet enjoyment of each Owner of such Owner's Lot or which shall degrade property values or distract from the aesthetic beauty of the Property, shall be conducted thereon. No repair work, dismantling, or assembling of boats, motor vehicles or other machinery shall be done in any driveway or adjoining street. No part of the Property shall ever be used or caused to be used or allowed or authorized in any way, directly or indirectly, for any business, commercial, manufacturing, mercantile, storing, vending, or other such nonresidential purposes. Notwithstanding the above, Declarant, its successors or assigns, or Builders may use the Property for model homes display and sales offices during the Development Period, during construction or until all new homes on the Property have been sold.

Section 3. Minimum Square Footage. The living area of the main residential structure for Lots, exclusive of porches and garage, shall not be less than 1,200 square feet. Declarant shall have the right to modify these minimum square footage requirements for any additional land annexed into the Association and made subject to this Declaration.

Section 4. Building Materials. The predominant exterior materials of the main residential structure, garage, ancillary buildings or other structures, whether attached or detached, shall be masonry, stucco, stone or wood. No single-family construction, private garage or any other structure located on the Property shall be permitted to have a heating or cooling device located in a window or any other opening which can be viewed from any portion of the Property. Heating and cooling devices may be used in windows or other openings of any structure used by Declarant or a Builder during the completion and sale of all construction of this subdivision.

Section 5. Location of Improvements Upon the Lots. No building shall be located on any Lot nearer to the front line nor nearer to the side street line than the minimum building setback lines shown on the recorded plats. No building or other improvements on a Lot shall be located nearer than seven and one half (7½) feet to an interior lot line. Declarant shall have the right to modify these setback criteria for any additional land annexed into the Association and made subject to this Declaration, and Declarant shall establish building setback criteria for uses other than single-family residential on a case-by-case basis.

Section 6. Deviations Declarant at its sole discretion, is hereby permitted to approve deviations in these restrictions on building area, location of improvements on the Lots and building materials in instances where in its judgment, such deviation will not adversely affect the development of the Property as a whole. Such approvals must be granted in writing and when given will automatically amend these restrictions for that lot only.

Section 7. Composite Building Sites. Any Owner of one or more adjoining Lots (or portions thereof) may consolidate such Lots or portions into one (1) building site, with the privilege of placing or constructing improvements on such resulting site, in which event setback lines shall be measured from the resulting side property lines rather than from the lot lines as indicated on the recorded plat. Any such composite building site must have a frontage at the building setback line of not less than the minimum frontage of lots in the same block on the recorded plat of Savannah Trace Section One. Any revision of lot sizes is subject to all applicable regulations and laws for the State of Texas and the city of Pearland.

Section 8. Utility Easement Easements for installation and maintenance of utilities are reserved as shown on the recorded plat, and no structure shall be erected on any of such easements. Neither Declarant nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees or contractors to shrubbery, trees, flowers or improvements located on the land covered by such easements.

Section 9. Electrical Distribution Service. An electric distribution system will be installed in the Property, in a service area that will embrace all of the lots which are platted in the Property. In the event that there are constructed within the Property structures containing multiple dwelling units such as townhouses, duplexes, or apartments, then the underground service area shall embrace all of the dwelling units involved. The Owner of each lot containing a single dwelling unit, or in the case of multiple dwelling unit structure, the Owner or developer, shall, at its own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of the electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, the point of attachment to be made available by the electric company at a point designated by such company at the property line of each lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter.

Declarant has either by designation on the plat or by separate instrument granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various homeowners reciprocal easements providing for access to the area occupied by and centered on the service wires of the various homeowners to permit installation, repair and maintenance of each homeowner's owned and installed service wires. In addition, the Owner of each lot containing a single dwelling unit, or in the case of a multiple dwelling unit structure the Owner and developer thereof, shall at its own cost, furnish, install own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as this service is maintained in the Property, the electric service to each dwelling unit shall be underground, uniform in character, and exclusively of the type known as single phase, 120/240 volt, three wire, 60 cycle, alternating current.

The electric company has installed the electric distribution system in the Property at no cost to Declarant (except for certain conduits, where applicable, and except as hereinafter provided) upon Declarant's representation that the lots are being developed for residential dwelling units, including homes, and if permitted by the restrictions applicable to such subdivision, townhouses, duplexes and apartment structures, all of which are designated to be permanently located where originally constructed (such category of dwelling units expressly to exclude mobile homes), built for sale or rent, and all of which multiple dwelling unit structures are wired so as to provide for separate metering to each dwelling unit.

The provisions of the two preceding paragraphs also apply to any future residential development in reserve(s) shown on the plat as such plat exists at the execution of the agreement for underground electric service between the electric company and Declarant or thereafter. Specifically, but not by way of limitation, if an Owner in a former reserve undertakes some action which would invoke a per front lot foot payment if such action had been undertaken in the Property, such Owner of applicant for service shall pay the electric company \$1.75 per front lot foot, unless the electric company has previously been paid for service to the reserve(s). The provisions of the two preceding paragraphs do not apply to any future nonresidential development in the reserve(s).

Easements for the underground service may be crossed by driveways and walkways provided the Lot Owner makes prior arrangements with the utility company furnishing any utility service occupying the easement and provides and installs the necessary conduit of approved type and size under such driveway or walkways prior to construction thereof.

Such easement for the underground service shall be kept clear of all other improvements, including buildings, patios or other paving, and neither Declarant nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees or servants, to shrubbery, trees, flowers or other improvements (other than crossing driveways or walkways providing conduit has been installed as outlined above) of the Lot Owner located on the land covered by such easements.

Section 10. Audio and Video Communication Service. In the event that audio and video communication services and facilities are made available to any Lot by means of an underground cable system, there is hereby reserved to the company furnishing such services and facilities a two (2) foot wide easement along and centered on the underground wire or cable when and as installed by the company furnishing the service from the utility easement nearest to the point of connection on the permanent improvement of structure constructed, or to be constructed, upon the Lot and in a direct line from the nearest utility easement to the point of connection.

Section 11. Temporary Structures. No structures of temporary character, nor any recreational vehicle, mobile home, trailer, basement, tent, shack, garage, barn, playhouse or other outbuilding shall be constructed, erected, altered, placed or permitted to remain on any Lot at any time as a residence. Notwithstanding the foregoing, Declarant reserves the exclusive right to erect, place and maintain, and permit builders to erect, place and maintain, such facilities in and upon the Property as in its sole discretion may be necessary or convenient during the period of and in connection with the sale of Lots, construction and sale of homes and construction of other improvements on the Property.

Section 12. Outbuildings. Outbuildings, whether temporary or permanent, used for accessory, storage or other purposes shall be limited to eight feet in height and one hundred (100) square feet in area and must be approved in accordance with Article VI, Section 1 of this Declaration. The standard, type, quality and color of materials used in the construction of gazebos, storage structures, shade and other structures shall be harmonious with those of the main residence. Metal siding or roofing shall not be permitted. Outbuildings may not be placed nearer than ten (10) feet to the rear property line, and shall meet the side lot setback criteria set forth in Article XI Section 5 of this Declaration, as modified for future land annexed into the Association and made subject to this Declaration.

Section 13. Play Structures. Free-standing play structures such as playhouses, play forts and swing sets shall be permitted, subject to the area and height limitations of Section 12, and subject to approval by the Architectural Review Committee. Tents or awnings on play structures are subject to the same height restrictions. Multi-color awnings shall not be permitted.

Section 14. Animal Husbandry. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except dogs, cats or other common household pets (not to exceed two of each category) provided they are not kept, bred or maintained for commercial purposes. Notwithstanding the foregoing, no animals or fowl may be kept on the Property which result in an annoyance or are obnoxious to residents in the vicinity. Animals are not permitted to roam the Property and must be controlled on a leash if they are not on a Lot.

Section 15. Walls, Fences and Hedges. All walls, fences, planters and hedges shall be controlled strictly for compliance with this Declaration and architectural standards established by the Declarant or the Architectural Review Committee.

No wall, fence, planter or hedge in excess of two (2) feet in height shall be erected or maintained on a side lot line forward of point located three (3) feet back from the front exterior corners of the main residential structure located on a Lot. For the purpose of this provision the front wall of the main residential structure excludes bay or box windows, chimney structures or any other similar appendage.

No perimeter wall, fence, or hedge in excess of six (6) feet in height shall be erected and maintained on a side lot line from a point located three (3) feet back from the front exterior corner of the main residential structure, backward to the rear property line on a Lot and along the rear property line of the Lot.

On corner lots, side yard fences must be set back from the side property line a minimum of one-half (1/2) of the side building line setback shown on the plat.

Perimeter fencing on all Lots shall be maintained to a fence standard equivalent to original construction and all fencing must be consistent with this Declaration and architectural standards established by Declarant or the Architectural Review Committee.

Fences of wire or chain link construction are prohibited, and the design and materials of all fences shall be approved by the Architectural Review Committee prior to construction pursuant to the approval requirements of Article VI, Section 1, of this Declaration.

Section 16. Antennas. Satellite dish antennas which are forty inches or smaller in diameter and antennas designed to receive television broadcast signals may be installed, provided that they are installed in conformance with the Architectural Guidelines adopted by the Board. Satellite dish antennas which are greater than forty inches in diameter and other antennas are prohibited.

Section 17. Visual Screening. All clothesline, equipment, garbage cans, service yards, woodpiles, refuse containers, or storage piles and household projects such as equipment repair and construction projects shall be screened by adequate planting or fencing so as to conceal them from view of neighboring lots, streets, parks and public areas. All rubbish, trash, and garbage shall be kept in sanitary refuse containers with tightly fitting lids and shall be regularly removed from the lots and not allowed to accumulate thereon.

All stack vents and attic ventilators shall be located on the rear roof slopes perpendicular to the ground plane. They shall be placed in a location least visible from public areas and adjoining property.

Section 18. Visual Obstructions at the Intersections of Public Streets. No object or thing which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways within the triangular area formed by the junction of street curb lines and a line connecting them at points twenty-five

(25) feet from the junction of the street curb lines (or extensions thereof) shall be placed, planted or permitted to remain on any corner lots.

Section 19. Lot and Parcel Maintenance. All Lots shall be kept at all times in a sanitary, healthful and attractive condition, and the Owner or occupant of all Lots shall eradicate all weeds and keep all grass thereon cut and neatly maintained and shall in no event use any Lot for storage of material and equipment except for normal residential purposes or incident to construction of improvements thereon as herein permitted, or permit the accumulation of garbage, trash or rubbish of any kind thereon, and shall not burn any garbage, trash or rubbish.

Section 20. Storage of Automobiles, Boats, Trailers, Other Vehicles and Equipment. Except as otherwise specifically provided in this Declaration, no Owner, lessee, tenant or occupant of a Lot, including all persons who reside with such Owner, lessee or occupant on the Lot, shall park, keep or store any vehicle on any Lot which is visible from any street in the Subdivision or any neighboring Lot other than a passenger vehicle or light truck and then only if parked on the driveway for a period not exceeding forty-eight (48) consecutive hours. For purposes of these Restrictions, the term "passenger vehicle" is limited to any vehicle which displays a passenger vehicle license plate issued by the State of Texas or which, if displaying a license plate issued by another state, would be eligible to obtain a passenger vehicle license plate from the State of Texas, and the term "light truck" is limited to a one (1) ton capacity pickup truck, sports utility vehicle, or van which has not been adapted or modified for commercial use. No passenger vehicle or light truck owned or used by the residents of a Lot shall be permitted to be parked overnight on any street in the Subdivision. No guest of an Owner, lessee or other occupant of a Lot shall be entitled to park on any street in the Subdivision overnight or on the driveway of a Lot for a period longer than forty-eight (48) consecutive hours.

Section 21. Signs, Advertisements and Billboards. No sign, advertisement, billboard or advertising structure of any kind shall be displayed to the public view on any portion of a Lot or Common Open Areas except for one sign for each Lot of not more than twenty-eight (28) inches by thirty-eight (38) inches solely advertising the Lot for sale or rent, and except signs used by Declarant or a Builder to advertise the Lot during the construction and sales period. The Declarant and the Association shall have the right to remove any signs, advertisements or billboard or structure which is placed on said Lot or Common Open Areas, in violation of this section and in so doing shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal. The Architectural Guidelines approved by the Board may permit school spirit or security signs subject to the conditions relating to size and period of display as contained in the guidelines and subject to obtaining the Architectural Committee's prior written approval.

Section 22. Removal of Soil and Trees. The digging of soil or the removal of soil from any Lot is expressly prohibited except as necessary in conjunction with the landscaping of or construction on said Lot. No trees shall be cut except to provide room for construction of improvements or to remove dead or unsightly trees and then only following the obtaining of written approval for such cutting by Declarant or the Association, given in their sole discretion.

Section 23. Roofing Material. Roofing materials may include composition shingles having a minimum warranty period of 25 years. Composition shingle roofs shall be comparable in color to weathered wood shingles and comparable in surface textural appearance to wood shingles. Colors for slate, clay or concrete tile roofs shall be approved individually by the Declarant or its assignee. Any other type or classification roofing material shall be permitted only at the sole discretion of the Declarant or its assigns upon written request.

Section 24. Landscaping.

- (1) The landscaping plan for each Lot shall be submitted to the Architectural Review committee for approval pursuant to the provisions of Article VI.
- (2) All front and side yards of each Lot shall, unless otherwise approved by the Architectural Review Committee, be sodded with grass.
- (3) All landscaping for a Lot shall be completed in accordance with the landscaping plan approved by the Architectural Review Committee no later than thirty (30) days following the issuance of a certificate of occupancy for the residential dwelling situated thereon.
- (4) No hedge or shrubbery planting which obstructs sight-lines of streets and roadways shall be placed or permitted to remain on any Lot where such hedge or shrubbery interferes with traffic sight-lines for roadways within the subdivision. The determination of whether any such obstruction exists shall be made by the Architectural Review Committee, whose determination shall be final, conclusive and binding on all Owners.
- (5) No rocks, rock walls or other substances shall be placed on any Lot as a front or side yard border or to prevent vehicles from parking on or pedestrians from walking on any portion of such Lot or to otherwise impede or limit access to the same. No bird baths, foundations, reflectors, flag poles, statues, lawn sculptures, artificial plants, rock gardens, rock walls, free-standing bird houses or other fixtures and accessories shall be placed or installed within the front or side yards of any Lot.
- (6) No vegetable, herb or similar gardens or plants shall be planted or maintained in the front or side yards of any Lot or in the rear (back) yard of any Lot if visible from any street.
- (7) The Architectural Review Committee may from time to time promulgate rules and regulations adopting an approved list of plant life which may be utilized on any Lot, which rules and regulations may prescribe that a minimum dollar amount be established and utilized as the landscaping budget for each Lot.
- (8) No Owner shall allow the grass on this Lot to grow to a height in excess of six (6) inches, measured from the surface of the ground.
- (9) Seasonal or holiday decorations (e.g., Christmas trees and lights, pumpkins, Easter decorations) shall be removed from each Lot or residential dwelling within a reasonable period of time after such holiday passes. The Architectural Review Committee shall have the sole discretion to determine what is a reasonable period of time for seasonal or holiday decorations to exist after the holiday passes and its determination shall be final.
- (10) Each Owner shall be responsible for maintaining and replacing, if needed, the front yard and street trees, in accordance with the Architectural Control Guidelines. The Owner of each Lot shall plant and maintain grass between the boundary of their Lot and the paved right of way adjacent to their Lot.

Section 25. Enforcement. In the event of default on the part of the Owner or occupant of any Lot in observing any or all of the requirements herein set forth, and such default continuing after ten (10) days' written notice thereof, the Declarant or the Association may, without liability to the Owner or occupant, in trespass or otherwise, enter upon said Lot, cut, or cause to be cut, such weeds and grass, and remove or cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions, so as to place said Lot in a neat, attractive, healthful and sanitary condition, and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or the occupation of the Lot to pay such statement immediately upon receipt thereof. Such charge shall become an additional assessment in accordance with Article V, Section 1(b) of these restrictions.

ARTICLE X SECURITY

The Association, its directors, officers, manager, employees, agents and attorneys and Declarant, ("Association and Related Parties") shall not in any way be considered an insurer or guarantor of security within the Property. The Association and Related Parties shall not be liable for any loss or damage by reason of failure to provide adequate security or the ineffectiveness of security measures undertaken. Owners, lessee and occupants of all Lots, on behalf of themselves, and their guests and invitees, acknowledge that the Association and Related Parties do not represent or warrant that any fire protection, burglar alarm systems, access control systems, patrol services, surveillance equipment, monitoring devises, or other security systems (if any are present) will prevent loss by fire, smoke, burglary, theft, hold-up or otherwise, nor that fire protection, burglar alarm systems, access control systems, patrol services, surveillance equipment, monitoring devises or other security systems will in all cases provide the detection or protection for which the system is designed or intended. Owners, lessees, and occupants of Lots on behalf of themselves, and their guests and invitees, acknowledge and understand that the Association and Related Parties are not an insurer and that each Owner, lessee and occupant of any Lot and on behalf of themselves and their guests and invitees assumes all risks for loss or damage to persons, to residential dwellings and to the contents of their residential dwelling and further acknowledges that the Association and Related Parties have made no representations or warranties nor has any Owner or lessee on behalf of themselves and their guests or invitees relied upon any representations or warranties, expressed or implied, including any warranty of merchantability or fitness for any particular purpose, relative to any fire protection, burglar alarm systems, access control systems, patrol services, surveillance equipment, monitoring devises or other security systems recommended or installed or any security measures undertaken within the Property.

ARTICLE XI GENERAL PROVISIONS

Section 1. Enforcement. These Restrictions shall run with the Property and shall be binding upon and inure to the benefit of and be enforceable by Declarant, the Association, each Owner and occupant of a Lot, or any portion thereof, and their respective heirs, legal representatives, successors and assigns. If notice and an opportunity to be heard are given, the Association shall be entitled to impose reasonable fines for violations of the restrictions or any rules and regulations adopted by the Association or the Architectural Review Committee pursuant to any authority conferred by either of them by these restrictions and to collect reimbursement of actual attorney's fees and other reasonable costs incurred by it relating to violations of the restrictions. Such fines, fees and costs may be added to the Owner's assessment account and collected in the manner provided in Article V of this Declaration.

In the event any one or more persons, firms, corporations or other entities shall violate or attempt to violate any of the provisions of the restrictions, the Declarant, the Association, each Owner or occupant of a Lot, or any portion thereof, may institute and prosecute any proceeding at law or in equity to abate, preempt or enjoin any such violation or attempted violation or to recover monetary damages caused by such violation or attempted violation. Upon the violation of any of the provisions of these restrictions by any Owner, in addition to all other rights and remedies available to it at law, in equity or otherwise, the Association, acting through the Board, shall have the right to suspend the right of such Owner to vote in any regular or special meeting of the members during the period of the violation.

Section 2. Severability. Invalidation of any one of these covenants, conditions or restrictions shall not affect any other provision, which shall remain in full force and effect.

Section 3. Duration; Amendment. The provisions of this Declaration shall run with and bind the Property for a term of twenty-five years from this date, after which time they shall be automatically extended for successive periods of ten years.

This Declaration may be amended during the first twenty-five year period by an instrument signed by a sufficient number of Owners representing not less than two-thirds (2/3) of the votes in the Association, and thereafter by an instrument signed by a sufficient number of Owners representing not less than fifty percent of the votes. In addition, any amendment hereto (i) to change the method of determining the obligations, assessments, dues or other charges which may be levied against an Owner, or (ii) to change, waive, or abandon any scheme of regulations, or enforcement thereof, pertaining to the maintenance of Common Open Areas, or (iii) to use hazard insurance proceeds for losses to the improvements in Common Open Areas, if any, for other than the repair, replacement or reconstruction of such improvements shall require the additional approval of two-thirds (2/3) majority of the First Mortgagees (based upon one vote for each mortgage owned).

(a) Any amendment hereto affecting any of the following shall require the additional approval of fifty-one percent (51%) of the First Mortgagees (based upon one vote for each mortgage owned):

- (1) voting;
- (2) reserves for maintenance of the Property;
- (3) insurance or fidelity bonds;
- (4) rights to use of the Common Open Areas;
- (5) responsibility for maintenance of the Common Open Areas;
- (6) addition to or withdrawal of a portion of Common Open Areas;
- (7) sale of Common Open Areas to permit subdivision into Lots or Commercial Units;
- (8) imposition of any right of first refusal or similar restriction on the right of an Owner to sell, transfer, or otherwise convey a Lot or Commercial Unit; and
- (9) any provisions which are for the express benefit of First Mortgagees, or eligible insurers or guarantors of first mortgages on Lots or Commercial Units.

All amendments shall be recorded in the Official Public Records of Real Property of Brazoria County, Texas.

Deeds of conveyance of Lots or Commercial Units or any part thereof, may contain the above restrictive covenants by reference to this document, but whether or not such reference is made, each and all of such restrictive covenants shall be valid and binding upon the respective grantees.

(b) The Declarant reserves the right during the Development Period, without joinder or consent of any Owner or mortgagee, to amend this Declaration or the By-Laws by an instrument in writing duly signed, acknowledged and filed for record, for the purpose of resolving or clarifying any ambiguities or conflicts herein, or correcting any inadvertent misstatements, errors or omissions herein, or to comply with the requirements of Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Veteran's Administration, or Federal Housing Administration, provided that no such amendment shall change the vested property rights of any Owner, except as otherwise provided herein.

Section 4. Books and Records. The books and records of the Association shall, during reasonable business hours, be subject to reasonable inspection by any Member for any proper purpose. The Board of Directors may, by resolution, establish rules and regulations governing the frequency of inspection and other matters to the end that inspection of the books and records by any Member will not become burdensome to nor constitute harassment of the Association. The Declaration, the Articles of

Incorporation and By-Laws of the Association shall be available for inspection by any Member at the principal office of the Association, where copies may be purchased at reasonable cost.

Section 5. Notices. Any notice required to be sent to any Owner under the provisions of this Declaration shall be deemed to have been properly sent when mailed, postpaid, to the last known address of the person who appears as Owner on the records of the Association at the time of such mailing.

Section 6. Good Faith Lender's Clause. Any violation of these covenants, conditions or restrictions shall not affect any lien or deed of trust of record held in good faith, upon any Lot or Commercial Unit, which liens may be enforced in due course, subject to the terms of this Declaration.

Section 7. Mergers. Upon a merger or consolidation of the Association with another association as provided by its Articles of Incorporation, its properties, assets, rights and obligations may be transferred to another surviving or consolidated association or, alternatively, the properties, assets, rights and obligations of another association may be transferred to the Association as a surviving corporation. The surviving or consolidated association shall administer the covenants, conditions and restrictions contained in this Declaration, under one administration. No such merger or consolidation shall cause any revocation, change or addition to this Declaration.

Section 8. Annexation.

(a) Additional land or lands may be annexed to the Property with the consent of two-thirds (2/3) of each class of Members, and the approval of the owner(s) of the land to be annexed.

(b) Notwithstanding anything contained in Subparagraph (a) above, or any other provision herein, Declarant shall have the right, without the consent of any other Owners or any First Mortgagee, to bring within the scheme of the Declaration, in one (1) or more future stages, sections or additions, any additional land, within fifteen (15) years of the date of recording of this instrument. Further, any land annexed to the Property and subject to this Declaration may be acquired (by gift, purchase, or otherwise) and/or designated as Common Open Areas by the Association without the consent of any Owners or any First Mortgagee. Nothing in this Declaration shall be construed to represent that Declarant, or its successors or assigns, are under any obligation to add or annex additional lands to those subject to this Declaration.

(c) Any such additions shall be developed in a manner similar to the development of the Property in accordance with a general plan of development under which the architectural standards prevailing within the Property will be continued in such annexed lands, the dwellings or commercial structures to be constructed on Lots or Commercial Units within such annexed lands will be similar to the residential dwelling or commercial structures constructed on the Property, and the Lots or Commercial Units within the annexed lands will become subject to assessment in the same manner as then prevailing for the Property. All the provisions of this Declaration shall apply to the lands being annexed with the same force and effect as if said lands were originally included in the Property subject to this Declaration.

(d) The additions authorized under this Section shall be made by filing of record: (a) Supplementary Declaration(s) of Covenants, Conditions and Restrictions with respect to the additional lands which shall (i) extend the scheme of the covenants and restrictions of this Declaration to such lands and (ii) provide, if applicable, that the proportionate ownership interests in the Common Open Areas of the Owners by virtue of Association membership immediately prior to the filing of such Supplementary Declaration shall be equal to the number of Lots and Commercial Units owned by such Owner divided by the total number of Lots and Commercial Units within the lands then subject to this Declaration after such annexation; and (b) a deed from Declarant to the Association which shall convey to the Association all of the area within such additions (except for the Lots or Commercial Units therein) as Common Open Areas for the benefit and use of the Owners, with reservation of Declarant's rights set forth herein.

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, has hereunto set its hand and seal this 5th day of MAY, 2004.
